

AIRPORT CORRIDORS IMPROVEMENT PROJECTS & SIGN CODES

Project Overview

The unsightly condition of Houston’s airport corridors created an unfavorable first impression of our community. Scenic Houston partnered with local organizations to establish a Sign Ordinance designating an **Airport Corridor District** comprised of the four major airport gateways into the city.

The ordinance incorporated requirements that were already in place in 20 existing scenic districts and scenic right-of-ways across Houston.

Project Enhancements

-  400+ NEW TREES
-  BRICK INLAY CROSSWALKS
-  LED STREET LIGHTING
-  LUSH LANDSCAPING
-  IMPROVED INFRASTRUCTURE WITHIN HOBBY AREA MANAGEMENT DISTRICT
-  REMOVED GRAFFITI
-  IMPROVED OVERPASSES
-  IMPROVED SIGN CODES WITH SPECIFIC HEIGHT AND SIZE RESTRICTIONS
